Product Announcement

New Additel Pressure Gauges

New Product Announcement

Launch Date: Oct. 3rd, 2023

Open Order Date: Oct. 3rd, 2023

Shipment Date: Q4 2023

Lead Time: 1 - 2 weeks

Additel is excited to unveil a trio of rugged pressure gauges that will revolutionize the way you measure and control pressure: the ADT601Ex, ADT680A, and ADT681A. These three new additions to our pressure gauge lineup utilize years of customer experience and feedback to improve on their original models in every way, with designs and features to both meet and exceed the ever-evolving demands of modern industries. With their unparalleled accuracy, durability, and advanced

features, these high-quality pressure gauges will empower professionals across every sector to achieve new levels of precision and efficiency in their work. Join us as we continue to innovate towards the future of pressure measurement technology.

- *3 New Gauge Models:* The 601Ex, ADT680A, and the ADT681A
- Pressure ranges up to 60,000 PSI (4,200 bar) and as low as 1inH₂O (2.5mbar)
- Accuracies up to 0.02%FS
- -5°F to 120°F (-20°C to 50°C) Temperature Compensation
- Simple and intuitive user interface
- ATEX Certified versions available for all models
- Panel mount model available for ADT680
- Bluetooth communication with Additel LINK mobile app
- Battery life minimum 1000 hours (40 days) and up to 9000 hours (375 days)
- External power options available
- Optional data logging features available

ADT681A

The ADT681A is an upgrade to the original ADT681 gauge. With more data storage, battery life, communication options, and ATEX certified model and a stainless steel casing, the ADT681A is built to last in almost any environment.

Features:

- 0.02 or 0.05% FS Accuracy
- 6 Digit Resoluon
- Up to 10,000,000 records
- Built-in Barometric Sensor
- Measures Absolute or Gauge Pressure
- USB, RS232, and Bluetooth Communicaon • External Power Support or up to 4,000 hour batery life
- ATEX Certified Model Available (ADT681AEx)
- 304 Stainless Steel and IP67 Rated

Differential Pressure Model ATEX Certified Model

ADT680A

The ADT680A is an upgrade to the original ADT680, ADT680W, and ADT680PB gauges. With more data storage, battery life, communication options, ATEX certified and panel mounted models, and a stainless steel casing, the ADT680 is the most intuitive all-purpose pressure gauge on the market.

Features:

- 0.1 or 0.2% FS Accuracy
- 5 Digit Resoluon
- Up to 400,000 records
- RS232 and Bluetooth Communicaon • External Power Support or up to 4,000 hour batery life
- Panel Mount Model Available (ADT680P)
- ATEX Cerfied Model Available (ADT680AEx, ADT680PEX)
- 304 Stainless Stee

Panel Mounted Model

ATEX Certified Model

ADT601Ex

The ADT601Ex is a brand-new pressure gauge from Additel with more competitive pricing than ever before. With a simple user interface, streamlined features and up to 9,000 hour battery life, the ADT601Ex can operate in any

Features:

- Pressure Ranges up to 15,000 PSI (1000 bar)
- 0.5% FS Accuracy
- 5 Digit Resolution
- Bluetooth Communication
- Up to 9,000 hour battery life
- ATEX, IECEx, and CSACertified
- 304 Stainless Steel

industrial or hazardous environment with ease.
